Personal Details

Name

Charlotte Rutherford

 may be relevant to St Cuthbert Without Parish Council (If necessary, please continue on a separate sheet of paper).

Through both my professional and voluntary experience, I have developed skills and knowledge that I believe would be valuable to St Cuthbert Without Parish Council.

My background includes community engagement, participatory research, group facilitation and supporting people to have their voices heard in decision-making processes. In my current role with Cumbria CVS, my work focuses on community research, democratic participation and exploring how residents can be meaningfully involved in shaping local services and decisions. This has given me experience in gathering and analysing community views, identifying priorities, and communicating findings in a way that supports informed decision making.

I have a strong interest in democratic participation and ensuring that residents feel listened to and represented. Much of my work has involved engaging with people who may face barriers to participation, helping to create opportunities for meaningful involvement and constructive dialogue. Through this work, I have developed strong listening, communication and relationship-building skills, alongside an understanding of the importance of balancing different perspectives and interests.

In addition to my professional experience, I have a long-standing commitment to volunteering and community involvement. I previously established and ran Aupeer, CIC a peer support organisation working with vulnerable adults and volunteers, which gave me experience in leadership, safeguarding, volunteer management, community development and supporting people from a wide range of backgrounds.

While living in Edinburgh, I volunteered with Friends of Saughton Park and led the wildlife group, contributing to the stewardship and development of an important and valued community green space. I also volunteered with a local city farm supporting vulnerable children and adults, and with Edinburgh Zoo. These experiences strengthened my understanding of the value of community-led initiatives, partnership working and creating opportunities for people to participate and contribute.

As a local resident, I have a strong interest in the wellbeing of the community and the issues that affect local people. More recently, I have been involved in engaging with residents regarding local road safety concerns, which has reinforced my interest in contributing to local

decision making and community improvement.

My community-focused work has been recognised through receiving a Social Enterprise of the Year award, and my peer support work within marginalised communities has also received wider recognition. These experiences have reinforced my belief that local communities thrive when residents feel connected, valued and able to influence the places where they live.

I would bring strong communication and engagement skills, an evidence-informed approach to problem solving, and a willingness to work collaboratively with fellow councillors, council officers and residents to support the interests of the parish

Is there any other information you would like to disclose regarding your application? (If necessary, please continue on a separate sheet of paper).

As a resident I have a genuine interest in the area and the people who live here. I am part of a local family household and, like many residents, regularly use local shops, services, community facilities and transport routes. This gives me an understanding of both the strengths of the area and some of the issues that matter to local people.

My professional work focuses on community engagement, research and democratic participation, and I am passionate about helping people have a voice in decisions that affect their lives. I would welcome the opportunity to bring these skills to the parish council while continuing to learn from fellow councillors and residents.

I am interested in contributing to the wider wellbeing of the parish rather than any single issue, and I would approach the role with an open mind, a willingness to listen and a commitment to representing a range of views fairly and constructively.

As I work part-time, I am fortunate to have the flexibility to attend meetings and undertake the responsibilities associated with being a parish councillor. I see this as an opportunity to make a positive contribution to the community in which I live.

Autospeedwatch report

The Parish Council currently has 4 cameras set up which have been placed in different locations. The Police use the information to target their resources and send letters to those who have been reported on numerous occasions.

	Jul 25	Aug 25	Sep 25	Oct 25	Nov 25	Dec 25	Jan 26	Feb 26	Mar 26	Apr 26	May 26	Jun 26	Jul26*
Brisco (SE)	52	44	38	8	0	1	6	28	57			125	100
Cumwhinton Drive (new)				1	0	1	4	1	3	38	21	56	12
Cumwhinton Rd													4
Durdar													18

It should be noted that the operational hours decrease in winter and there have also been road closures that may impact on the number of vehicles.

It should be noted that there has been a marked increase in traffic through Brisco since the opening of the CSLR has opened. 12,000 estimated vehicles in the month to 14 July compared to ca 6000 estimated vehicles in the same period in 2025 in one direction only. It can be assumed that there will be a corresponding number of vehicles moving in the opposite direction. In that period there have been 1723 verified speeders vs 744 in 2025 so a slight increase in the percentage of speeding vehicles.

Carleton Grange Noticeboard

The Parish Council installed a new noticeboard near Leywell Drive on Carleton Grange on 2023. It was rapidly vandalised, repaired and vandalised again.

I removed the doors as they were no longer repairable. The noticeboard has damage to the aluminium back meaning that new doors can not longer be fitted. I have been asked by members of the community if they can have a new noticeboard in a different location. It also doesn't look good for the parish to have a board with nothing on it and in a poor state.

Proposal

1. Remove the old noticeboard and dispose of it.
2. Install a new noticeboard near Hunters Crescent.

I have gained permission from Cumberland Highways Authority to place the noticeboard at the location have an agreement form from them.

Costs

New Noticeboard £1165 +VAT

Labour to remove old board, disposal and to install new noticeboard awaiting prices.

Options for a Bus Shelter on Cumwhinton Drive

Cllr Reed has been asked my members of the public about the possibility of the providing a bus shelter on Cumwhinton Drive at location [///common.dices.riders](#).

I have approached the estates department at Carleton Clinic and put the proposal to them – they are liaising with the land/legal team at present.

Steps for the Parish Council:

1. Resolve whether they wish to install a bus shelter at the location.
2. Design/budget choice – which design do members prefer and feel would fit in with the surroundings, have best long term sustainability, be resistant to vandalism, does it require lighting, seating etc. I have chosen two different options at the lower end of the budget range. There are options up to £40,000 plus VAT for a large bespoke wooden shelter!!
3. Formal agreement with the land owner
4. Order/installation
 - a. Bus shelters require a concrete base and because the work is carried out at the side of a public highway the contractors are required to be suitably qualified to carry out the work – normally under NRSWA, National Roads and Street Works Act. The cost of the concrete base is dependant on the size of the bus shelter chosen for example a base approximately 2mx3m with labour would cost in the region of £500 +VAT
 - b. Installation of chosen shelter
 - c. Inclusion on asset register.

Type of Bus Shelter

Halton – Steel powder coated in a choice of colour, Integrated seat/perch, polycarbonate roof. £7681 +VAT including delivery and installation.

Kent – Heavy duty anti vandal protection , including optional bench, £8298 +VAT including delivery and installation.

There are also options to have a wooden shelter – although these tend to have higher maintenance requirements
